

'ROUND 'N' 'ROUND

Bill Merrill of the Scouts has arrived back from camp with a new possession, a young police pup.

He has named it "Scout" and is very proud of it.

Bill is very concerned over the loss of a large lamp shade which fell out of his car on the way home.

He would be very pleased if someone could find it for him.

We wager that when "Maxie" the 22nd street wonder cat, grows a little bigger, he can lick "Scout" with one paw.

He can lick anything his own size (two inches) right now.

Which brings up the excitement Maxie's owner displayed this morning when he found an ant in the kitchen's sleeping quarters, a pasteboard box.

"You know," he said, "with great care in his expression and voice, two ants could carry that cat away."

Today's column being devoted to animals, ants fit in nicely right about here.

Residents of three sections of Richmond have been engaged in dispute as to which part is the breeding place of the ants which certainly abound throughout the city at this time of year.

A family man from the district near the high school had the loudest voice in the argument and other contenders retired gracefully.

So it is decided that the ants maintain headquarters out there and merely commute to the rest of the town.

A man dropped into a nearby grocery store the other day and ordered a can of whole cloves.

"Got a toothache?" inquired the solicitous clerk.

"No sir, we have ants. These things are the best preventive in the world for ants," he explained earnestly.

"You don't say" exclaimed the clerk.

"Sure thing. The wife just sprinkles them around the house and we never see an ant again that season."

That's a household tip that we can't vouch for but if it works, it's a clean safe pleasant way to eradicate the little pests.

Low Assessment May Mean Boost In Co. Tax Rate

The total value of the assessment rolls of Contra Costa as determined by the Supervisors yesterday was \$82,314,525, which is ten million less than last year.

Many reductions in the value of property in all parts of the county were made by County Assessor Geo. O. Mgeee.

Next week, the supervisors will start work on the county budget. Estimates are being submitted by the different county officials and they will appear before the board, and an opportunity given them to justify their demands.

Just what the county tax rate will be for the coming year is not known at the present time, but if a county expenditure of the same level for the coming fiscal year, as they were during the past, there would be an increase in the county rate of approximately 27 cents.

CITY COUNCIL ENDS "SECRET" MEETINGS

NICHOLL PARK FIELD HOUSE BID TOO HIGH

During the week the building committee of the city council, and the city manager will determine if it is possible for work on the field house at Nicholl park, to proceed.

At the meeting of the council last evening bids for the work were opened and it was found that the lowest offer was \$73,200, or about \$2,000 more than was given the city by one of the Nicholl heirs for the purpose.

Councilman Lundy was in favor of rejecting all bids, as the city did not have any additional fund to devote to this purpose. He thought the plans should be reworked, and the city stay inside of the \$50,000 limit.

House Is Sealed
Councilman Russell Meyer opposed such action, claiming the convenience stations in the park were a necessity, so that people of the city could use the grounds.

He maintained it was never the thought of the members of the council that the \$50,000 would erect the building, but would only put up some of the walls.

Imbach thought the council should not expend more than the amount of money that was donated to the city.

May Get U. S. Aid
City Manager McVine was of the opinion that something would have to be elaborated from the plans at the present time. Another bid has been made under the federal recovery act for thirty per cent of the cost of the structure, as it is a municipal project, and if this is granted, the work could proceed as originally outlined.

Meyer then moved that the matter be referred to the building committee and the city manager for one week, which was adopted by the following vote:

Ayes—Riley, Tiller, Chandler, Hinkley, Meyer, Johnson.
Nays—Imbach, Lundy.

The offers from the different bidders were as follows:

R. W. Thompson—Hot water heating system \$1150, gas supply line 70 cents per foot, plumbing \$1709.

Richmond Plumbing Company—Plumbing \$1687.50.

Standard Plumbing and Heating Company—Hot water system \$1096, gas line 20 cents, plumbing \$1725.

R. A. Washburn—Hot water system \$1125, gas line 275 cents, plumbing \$1717.

Splerech Brothers—Hot water system \$1171, gas line 27 cents, plumbing \$1695.

Grierson Heating Company—Hot water system \$951.

General Construction Elmer J. Preethy \$5543, Tandy and Thel \$4550, Fred C. Hosling \$5091, R. F. Johnson \$5095.

Council Fights Utilities Tax; Opposes Parks

The representatives of this county in the legislature, will be asked to oppose any legislation that would place a tax on municipal utilities.

The request was made by the city council at its meeting last evening, and the city attorney will immediately convey the request to Sacramento.

Placing a tax on municipal utilities would mean that Richmond would have to pay a state tax on the receipts from the city hall-house.

Opposition was also voiced to the creation of regional parks, as it was felt such a move would only be placing an additional burden on the taxpayers.

Sixteen residents on Scene avenue asked that the street be widened and placed in proper condition.

This was referred to the street committee and the city engineer.

YANKEE FLIER IN LONG JUMP FROM MOSCOW

MOSCOW, Tuesday, July 18.—UP—Wiley Post completed the fourth stage of his attempted flight around the world when he landed at Novosibirsk, Siberia, this morning after a 1580-mile flight from Moscow, according to word received here.

The American flier landed his airplane "Winie Mae" at Novosibirsk at 6:19 a. m.

Post required 13 hours, 4 minutes for the flight from Moscow, and when he arrived here he was ten hours 26 minutes ahead of the record flight set by himself and Harold Gatty in 1931.

When Post and Gatty arrived in Novosibirsk using the same plane, they were 76 hours, 35 minutes out of New York, the starting point.

When Post arrived here this morning, he was only 60 hours, 9 minutes out of New York.

Post lost a little time on the Moscow-Novosibirsk flight. He was 13 hours ahead of the Post-Gatty record when he left Moscow and had hoped to make the flight in 11 hours.

KILLING OF OLD CUSTOM STARTS ROW AT MEETING

In the future there will be no committee meetings of the city council before the opening of the regular session.

This was determined at the meeting of the council last evening by the unanimous vote of the members, the only councilman being absent being W. W. Scott.

The action was taken as the result of a statement made at the opening of the meeting by Councilman Russell Meyer, who stated that there had been some criticism by a disturbing element in the city, about the so-called "star" chamber sessions of the council.

Save No Harm
Personally, he had served four years as a member of the body and had never seen anything out of the way in such sessions.

They were not "star" chamber sessions, but merely a meeting of the council as a committee of the whole, when reports from other committees were heard.

No official business was transacted at such sessions, and could not be.

If the holding of such sessions was not agreeable to the people of the city and the members of the council, Meyer said he thought some action should be taken, and the matter determined once for all.

Meyer Aims Views
"Richmond has an enviable reputation among the cities of the state," said Meyer, "for its method of handling business, and such a reputation is an important factor in the locating of industries here."

"The reputation is not by chance, but comes as a result of cooperation and efficiency. There are some who apparently think that the holding of executive sessions is not fair, and the impression has been spread by certain individuals that underhanded work was being done."

"In the four years that I have (Continued on Page 3)

OH, WHAT A RELIEF!

Speaking Of Sports

NEW YORK, July 17.—(UP)—Interest in tennis is expected to reach a new high in this country this summer when fields of genuine international caliber will compete in the American National Championships at Forest Hills, N. Y.

The Women's championship, opening in mid-August promises to produce the finest competition in years. Six of Great Britain's finest players, including Dorothy Round, the doughty, little Sunday school teacher who gave Mrs. Helen Wills Moody such a tremendous fight in the Wimbledon finals. Miss Round will be accompanied by the ever popular Betty Nuthall, three new youngsters, Mary Hawley, Freda James and Peggy Scriwen, and Mrs. L. R. Mitchell.

The odds are heavily against Helen Hull Jacobs of California retaining her title. Miss Jacobs bowed in the Wimbledon semi-finals to Miss Round, and never has won a tournament in which Mrs. Moody was entered. If Mrs. Moody and Miss Round should meet in the championship test the West Side Tennis club's spacious horseshoe oval would be sold from turf to hunting, and America, for the first time, might see an all-night line of ticket-seekers.

The men's field looks equally impressive. Jack Crawford, Australia's mighty man, and conqueror of Edsaworth Vines at Wimbledon, will be on hand for this event. With him will be other members of the Australian Davis cup team, Adrian Quist, Vivian McGrath and Don Turnbull. Britain is expected to expect to send Fred Perry and Bunny Austin, and Japan is likely to be represented by Jiro Satoh and Kyo-aka Nuno.

If a Moody Round match would have the place, a Crawford-Vines final would literally fill the stadium to overflowing.

Southpaw Golfer Makes High Score

VICTORIA, B. C., July 17.—(UP)—Southpaw golfers as a rule, seldom get far in tournaments, but young Jimmy Todd, Victoria left-hander, can lay claim to the most sensational round of tournament golf during the recent Pacific Northwest amateur tournament here.

Fate of Liquor Thought Pending

BIRMINGHAM, Ala., July 17.—(UP)—Voters of Alabama and Arkansas tomorrow will cast the ballot that many observers believe will determine whether or not the 18th amendment will be repealed this year.

Wets feel confident that when Alabama and Arkansas join the states who have already voted repeal, the battle will be practically won.

Anti-liquor forces are putting up a strong battle, feeling that their hopes for success lie in these two states.

4-MINUTE MILE IS PREDICTED

NEW YORK, July 17.—(UP)—When young Jack Lovelock of New Zealand gazes down at the thundering grandeur of Niagara Falls tomorrow he'll probably feel exactly the same and unimportant to the world of sports as he does out as a greater "wonder" than America's mightiest waterfall.

He ran the mile Saturday faster than any of the millions of human beings who have inhabited the earth. Lovelock and his track teammates from Oxford and Cambridge universities, England, were visiting Niagara Falls today.

In the "mile of the ages" at Princeton University, this curly-headed chap was clocked in 4 minutes, 7.6 seconds, figures that broke Jules Ladoumègue's world mark of 4:09.2 by nearly two seconds.

The most amazing feature of this 23-year old Oxford student's run was the apparent ease with which he shattered the record. Instead of topping over the finish line exhausted, he jogged more than half way around the track after finishing seven yards ahead of Bill Bonthron of Princeton, who also broke Ladoumègue's record with 4:08.7.

Don Ferris, secretary of the A. A. U., explained the significance of Lovelock's performance in a nutshell last night when he said, "He raised the ceiling for future mile performers to such an extent that we can now look forward sensibly to a time when someone will run the mile in four minutes. Lovelock performance indicated that such a hope no longer is preposterous."

After the race, Lovelock himself said he figured he might have made the mile in 4:06 if he had been paced faster than 0.65:1 for the third quarter.

KILLING OF OLD CUSTOM STARTS ROW AT MEETING

(Continued from page 1)
been a member of this body, every consideration has been given to hearings from residents. I am bringing this matter up at the present time for a good reason.

"At the last election three new members were added to this body, but Mr. Ripley has failed to attend any of the committee meetings.

"By not acquainting himself with matters to come before the session he is not prepared to act intelligently upon them.

"Also one of the old members, who four years but his stamp of approval on committee meetings, is not attending them any longer."

Must Have Harmony
"As one of the members of this body, I want to say that nothing can be accomplished without cooperation and harmony. If it is the sense of this body that there shall be no more committee meetings held, let us determine that fact tonight, and whatever action is taken suits me. I am always willing to abide by the will of the majority."

Saw Nothing Wrong
"Mattie Chandler—"As one of the oldest members of this body, and having served for three years as your mayor, I do not see how anyone can justly criticize the committee meetings."

"If I felt that such meetings were wrong, I would not have attended. I want to work with the governing body of the city in harmony, that is the only way to accomplish things for the betterment of the city."

"However, as long as this matter has been brought up, I now move you that committee meetings in the future be done away with."

Hinkley in Favor
A. B. Hinkley: "As the second oldest member of this body, I wish to say that I too, am willing to abide by the will of the majority, and I second the motion of Mrs. Chandler. Four years ago this same matter came up before the council, and I was one of the members who voted against committee meetings."

"In the past I have attended these meetings, I see no harm in them, but if a change is desired

Mattern's Mother Felicitated

MRS. CAROLINE MATTERN receives the congratulations of her neighbors' children at her home in Freeport, Ill., after receiving the news that her flier son, Jimmy Mattern, had been found safe in Siberia.

I am for it."

Frank E. Tiller: "When I made my campaign in the recent election, I promised that I would do everything for the advancement of the city. I told the people that I would promise them fair and honest treatment, and an efficient government."

"Since taking my seat on this body, I have attended the committee meetings and am frank to say that I see no objection to them. However, I want to do as the majority decides."

Ludwig Speaks
Otto R. Ludwig: "When I first took my seat on the council I attended the committee meetings. I see no objection to them, but I told the members they were being criticized for not opening the sessions promptly at eight o'clock."

"If the council wants to conduct committee meetings, let them do it, that is perfectly proper. Even tonight I went into the committee meeting to confer with other members on a committee with me. That was my own business."

"Several members of the council were there, but there were no official business transacted. I am not afraid to attend these meetings, no one has a right to criticize me."

Criticizes Board
Attorney Lee Windrem: "I desire to express my objections to executive meetings, they are un-

derstanding. What is the objection to coming out in the open and discussing matters that affect the people of the city?"

"I don't say that you are dishonest, but I do differ with you on the methods of handling the business of the people."

Russell Meyer: "You have just heard four members speak, and not one of them objected to open meetings. I never said a word against open meetings."

"You came here with a chip on your shoulder, and wanted to find fault. I don't like a 'knocker' and that goes with you, Mr. Windrem."

Fight Starts
Then ensued a verbal battle between Windrem and Meyer, which was settled by Mayor Johnson, who rapped them to order.

George E. Imbach: "I suppose the reference to one of the old members was a direct at me. The vote at the recent city election, showed the people wanted a 'new deal.' That is the trend of the vote, and I am for it."

"I have always attended the committee meetings, but there was never anything regular or official done in these sessions."

"I think these committee meetings should be done away with, and that we all should get better acquainted in the future."

Want Harmony
Samuel S. Ripley: "One of the planks in my platform when I ran for office was open sessions of the council. I am grateful to the people for my election. I am not here to criticize or create discussion. I am here to work for the interests of the city, and do what I think is right."

Mayor Walter Johnson: "When I was elected four years ago, I promised I would devote my best efforts for the benefit of the people. I can honestly say that nothing was discussed but what was afterward taken up in open session and officially acted upon. If the majority want open sessions, it is true with me."

Then came the vote, with Ripley, Tiller, Chandler, Imbach, Hinkley, Meyer, Ludwig and Johnson, all voting aye.

WAKE UP YOUR LIVER BILE WITHOUT CALOMEL And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and make mere movement without getting the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes three good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." ABERDEEN, Wash., July 17.—UP—The wooden money business is proving profitable for one Aberdeen lumber mill.

The money is about the size of a half dollar, has a mill edge like regular coins and is made from durable dogwood.

Preacher Outwits Pair of Would-Be Oregon Kidnapers

PORTLAND, Ore., July 17.—UP—Using a fountain pen and a pencil as fake guns, Rev. K. E. Close, superintendent of the Oregon Anti-Saloon league, outwitted two would be kidnapers, according to his story to state police today.

Two men forced him to get out of bed early today dress and drive them to McMinnville in his car.

Once out of Portland, they bound him and threw him in the back of the automobile, he said.

He worked loose from the thongs and took his fountain pen in one hand and a pencil in the other. Shoving them against the men's back, he shouted:

"Put them up or I'll plug you." The men refused to obey, Close asserted, so he pushed both men out of the car which was going about 25 miles an hour.

He summoned state police aid at McMinnville, but no traces were found of his kidnappers.

Close believes the men were members of an extortion ring which on April 20 sent threatening letters to the anti-Saloon League.

The State of Oregon voted on repeal of the 18th amendment and repeal of the state dry laws Friday.

Modern Teaching Played by Expert

SALT LAKE CITY, July 17.—UP.—Uninspired teaching was blamed for "five and ten cent" college graduate minds by Dr. Henry Neumann, leader of the Brookline Society of Ethical Culture, before the Utah educational administrators' conference here.

The indictment against the American educational system was based on what Dr. Neumann said was a fact that college students are graduated from colleges with nothing in their heads worth more than 10c.

Dr. Neumann played educators who read sensational stories such as murders, fires and divorces. He classed such stories as "rubbish" for a teacher who should provide inspiration in his work above such reading.

CONTRA COSTA COMMUNITIES BOOST PICNIC

MARTINEZ, July 17.—Virtually all Contra Costa county communities will support an entry for the title of Miss Democracy to queen over the Contra Costa Democratic club's first annual picnic and celebration on Sunday, September 3, at La Honda Bowl.

A wide variety of entertainment is being programmed for the Democrats' first countywide outing.

Joseph Lingo of Rodeo has reported that the contest committee is arranging a professional horse-shoe tournament, boxing and wrestling matches, and numerous racing events. William Fordham of Antioch told the general committee that plans for a bathing beauty contest are being considered, while Zeb Knott of Richmond announced that vocal numbers, cowboy troubadours and accordion minstrels have been tentatively engaged for the patriotic ceremonies.

The executive committee holds high hopes that United States Senator William G. McAdoo will accept the invitation to be speaker of the day.

Twelve persons were added to the general picnic committee, now consisting of 57 members. Reports were submitted by Michael Tannovitz, Rodeo, dancing; Victor Reier, Martinez, publicity; E. E. Salzer, Antioch, concessions; Henry A. McBride, Pittsburg, reception; J. E. Markey, Danville, park and Patrick Lydon, Martinez, and Frank Hollender, Pittsburg, liaison.

Concord Lions to Improve City Park

CONCORD, July 17.—Construction of a 700-foot pergola in the city park was being considered by members of the Concord Lions today as the possible major improvement project for the coming year.

When completed, the pergola would have a seating capacity of 2000 and would create an open court approximately 200 feet square and suitable for any public function in the center.

The structure would be 12 feet high and 12 feet wide and would be built entirely of natural redwood logs.

Plea for further improvements to the park was voiced before the club by Sigmund Mahler and P. L. Keller, who pointed out that considerable work remains to be done in order to carry out plans adopted when the organization assumed sponsorship of the plaza.

WASHINGTON, July 17.—U. S. It was emphasized the chief executive had no temperature and no doctor has been called in. ASSESSORS TO TALK AUTO LAW

EL CERRITO, July 17.—Setting up of machinery to prevent the issuance of licenses to automobiles on which city and county personal taxes are not paid will be discussed here Saturday by two score city assessors of northern California.

Senate Bill 178, passed at the recent session of the state legislature, provided that the state motor vehicle department shall refuse to issue licenses for the autos on which the taxes are not paid, but the bill did not provide details of the cooperation between the department office and assessors, which will be necessary.

Fred J. Prosser, El Cerrito city assessor, pointed out today.

Prosser, who is chairman of the legislative committee of the Assessors' Association, said he would open discussion on the subject of the Senate bill at the meeting in the council chambers of the City Hall Saturday.

Another topic of discussion, he said, will be the setting up of machinery to effect changes in real property assessment provided by Proposition No. 1 in the recent election.

John Hawks of Santa Rosa, president of the Association, will be in charge of the sessions here.

DRY REPEAL CONVENTION SET JULY 23

SACRAMENTO, July 17.—The California prohibition repeal ratification convention will be held in Sacramento next Monday, July 24, Secretary of State Frank C. Jordan told Governor Rolph today.

Jordan today received returns of the vote cast in Los Angeles and certification of the statewide vote is to be announced tomorrow.

Certification of the Los Angeles vote was delayed by an injunction action filed after the June 27 election by Richard M. Cannon, son of Bishop James Cannon, Jr., to prevent Los Angeles officials from canvassing the vote.

The Los Angeles Superior Court denied the injunction petition. Cannon announced that his attorneys would appeal to the State Supreme court and possibly the United States Supreme Court.

This action has not been taken. Meanwhile the votes were canvassed and reported to Jordan.

The bill providing for the convention directed the Secretary of State to name the convention date.

California electors cast more than 970,000 votes favoring repeal of the Eighteenth Amendment. Ballots favoring retention of the national prohibition amendment totaled some 305,000.

Twenty-two delegates pledged to repeal will meet in the State Capitol at 11 a. m. next Monday and are expected to cast ballots unanimously reflecting the June 27 repeal vote.

LODGE TO MEET

The Ladies of Macphree will meet this evening at eight o'clock in Moose hall. Mrs. Nina Vickery, commander, will preside.

That he and Miss Googins planned to be married immediately.

Mrs. Roosevelt won the degree by agreement. She did not appear personally, but was represented by her attorney, Lester Sumner, who filed the petition.

To taste right food must be seasoned right

—every good cook knows that

To Satisfy—a cigarette has to be seasoned just right

You buy food—steak, flour, corn meal, or fruit—it is cooked and brought to the table and tastes just fine. While the same food, cooked by somebody else, may not taste right at all. That's the difference between cooks—knowing how to season food. It's somewhat like this with cigarettes. Many kinds of cigarettes have good tobaccos, but they are not mixed right; and then again they are not seasoned with the right amount of the right kind of Turkish Tobacco. Chesterfields are seasoned just right...they are milder and taste better...and that's why They Satisfy.
